

**North Carolina Forestry Best Management Practices Manual To Protect Water Quality
Amended September 2006**

Customer Survey

This BMP Manual was developed for you, the customer. If you have any comments or advice about how we can improve the presentation of this information in the future we would appreciate you taking the time to answer the questions below and sending them to us:

Was this Manual presented in a clear and concise way given the nature of the information?

- ☐ Yes
☐ There is room for improvement: How? _____
☐ No

Comments: _____

Do you believe that the Manual adequately captures and conveys the most relevant information regarding forestry BMPs for North Carolina?

- ☐ Yes
☐ No

Comments: _____

Do you believe that North Carolina's BMPs address all of the areas of forest management as they apply to water quality?

- ☐ Yes
☐ No

Comments: _____

Are the photos and illustrations helpful for understanding the material better?

- ☐ Yes
☐ No

Comments: _____

Do you think we should look at including additional BMPs in future revisions?

- ☐ Yes: Also consider _____

☐ No

Any other Comments: _____

Please remove this survey from the Manual, fold into thirds, tape, apply 1st-Class postage, and mail to the NCDFR (the address is already applied to the other side of this form). Or if you prefer you may contact the Forestry NPS Unit with your comments at forestry.npsunit@ncmail.net or fax your comments to 919-715-6317. An on-line survey is also available at <http://www.dfr.state.nc.us/> and can be accessed within the "Water Quality" section of our Web site.
